State Mandated Programs

The City of Rialto is required by state law to implement organic recycling programs under AB 341, AB 1826, and SB 1383. These are unfunded state mandates that the City must comply with in order to avoid state penalties of up to \$10,000 per day.

Through these laws the state's goal is to improve air quality by reducing methane emissions that have been determined to impact climate change. These laws also help to conserve natural resources and landfill space.

Did You Know?

There have been 242 Million unsold meals provided to Californians in need.

Organics Recycling Requirements - What's Next?

Due to mandatory organics diversion requirements (Senate Bill 1383), businesses must take the following steps:

- Annually, business owners and/or managers must provide information to employees, contractors, tenants and customers about recycling, organic waste collection requirements and proper sorting of materials.
- Employees, contractors, tenants, and customers must have access to an adequate number, size and location of containers.
- Collection containers for all waste streams including trash, food waste and recyclables must be provided in all areas where disposal containers are provided for customers, except for restrooms.
- Customer must secure containers. If lost or stolen, customers are responsible for container replacement cost.
- Information must be provided to new tenants before or within 14 days of occupation of the premises.
- Prohibit employees from placing recycling and organic waste in a container not designated to receive those materials types.

If you have any questions regarding the program, please contact Burrtec Customer Service at (909) 877-1596.

State Required Contamination Monitoring of Recyclables

California state law SB 1383 requires jurisdictions to monitor trash, recycling, and organics barrels to minimize contamination. Trash and other contaminants in the recycling or organics collection container(s) could result in a fee and non-collection due to contamination. If contamination is found, contamination tags (as shown to the left) will be affixed to the container lid. After the second notice, customers may be charged a contamination fee and the container will not be serviced as recyclable; it will be subsequently serviced as trash. Please note: the contamination fee will be automatically assessed if hazardous or bio-hazardous materials are placed in any collection container. Not sure about what goes in each container? Contact our Burrtec Customer Service at (909) 877-1596 for assistance. As always, thank you for your continued support and cooperation!

Holiday Schedule

Please note that services are interrupted on the following holidays:

Memorial Day		Independence Day		Labor Day
Thanksgiving Day		Christmas Day		New Year's Day

When the holiday falls on a weekday, collections for the remainder of the week will be delayed by one day. There is no service interruption or delay when the holiday falls on a Saturday or Sunday.

YOUR SORTING GUIDE - WHAT GOES WHERE?

Black Bin/Barrel is for trash

BAG ALL TRASH - DO NOT ADD HAZARDOUS WASTE

Edible Food Recovery Requirement

Certain businesses have requirements and responsibilities as it relates to edible food recovery, such as:

- Not intentionally spoiling edible food that is capable of being recovered by a food recovery organization or service
- Making arrangements via contract with a food recovery organization or service to recover edible food that would be redistributed for human consumption

Is Your Business Affected?

TIER 1 Businesses - Effective January 1, 2022

- Food distributors
- Wholesale food vendors
- Food service providers
- Grocery stores and supermarkets (10,000 square feet or greater)

TIER 2 Businesses - Effective January 1, 2024

- Hotels with at least 200 rooms and an on-site food facility
- Restaurant facilities (5,000 square feet or larger, or seating more than 250)
- Local education agencies with an on-site food facility
- Healthcare facilities with an on-site food facility and 100+ beds
- Large venues (including shopping centers and malls) and events with 2,000+ daily visitors
