Winter Weather

Winter weather conditions, such as icy roads, heavy snow, excessive mud, or flooding conditions, may present delays with your regularly scheduled waste collection route. We are committed to the safety and protection of our employees and the community. Collection service could be impacted due to: low visibility, icy roads, impassable and or unplowed roads/alleyes.

Please be aware that while your street may be clear, access to your neighborhood may not. We will attempt to service on your regularly scheduled collection day anytime between 6 am to 6 pm. If we are unable to service due to the winter weather/road conditions, please bag any excess trash and recyclables that will not fit in your container(s) and Burrtec will collect all accumulated bags on the next service day.

Look for service updates on our Facebook page. If you are set up to receive paperless notifications you will receive service updates via email.

If you have any questions, please contact our Customer Service office at 909-338-2417.
