Reminder: Food Waste Collection

Bag food scraps and waste food.

Place bagged food waste inside your green waste barrel.

- ✓ Bread
- ✓ Dairy
- ✓ Fish
- ✓ Food soiled paper
- ✓ Food waste and scraps
- ✓ Fruit
- ✓ Meat
- ✓ Moldy or spoiled food
- ✓ Vegetables

How to Collect Food Waste at Home

- Collect-** Begin collecting food waste separate from your other trash and recycling. This includes: fruits, vegetables, meats, seafood, bread, dairy, eggshells, coffee, plate scrapings, peels, rinds, food soiled paper, and expired food.
- Add & Secure-** Add food waste to its own separate plastic-lined container. Store it in a convenient place, such as on your countertop, in your refrigerator or under your sink. Secure your plastic bag by tying it off. Remember, bags do not have to be compostable or biodegradable. They can be any color. We encourage you to re-use bags you may already have such as bread bags and produce bags.
- Discard-** Place your bagged food waste into your green barrel, along with your green waste. Continue using your green waste barrel as usual. Remember, food waste no longer belongs in your trash barrel.

Can't Stand the Smell?

Below are some tips to help you reduce barrel odors:

- Place your green barrels on your lawn and rinse with soap and water to prevent any foods from sticking to the inside.
- Place food waste in a plastic bag before disposing in green organics barrel.
- Place your trash in a plastic garbage bag and make sure that it's securely tied before placing into barrels.

Good barrel hygiene is the secret to maintaining an odor-free barrel and an easy way to keep away unwanted insects.
